

The QuickChange Self-Service Coin Deposit Center is a striking, state-of-the-art solution that is easy on the eyes, and even easier to use.

Features Include:

- a** Overhead banner (optional), graphic panel and receipt can be customized with specific marketing messages
- b** 12-inch LCD display screen
- c** Amber lights on both sides indicate which bag area to service *immediately* due to full bags
- d** Blue lights on both sides indicate which bag area will need to be serviced at teller's convenience
- e** Easy-to-use bilingual function buttons
- f** QuickChange receipt dispenser
- g** Automatic coin conveyer
- h** Coin reject slot
- i** Change bag area includes 12 bags—six bags on each side

STAFF FRIENDLY

Market research with tellers and supervisors played a big role in the development of QuickChange. As a result, QuickChange is simple to operate and has all the features you need to manage daily operations with ease and efficiency.

Using the Supervision Menu:

1. View all options from one simple screen
2. Scroll through options using A and B buttons
3. Select and print management reports

Changing the Bags:

1. Light indicates which bag is full
2. Remove and replace full bag
3. QuickChange is ready for use

CLIENT FRIENDLY

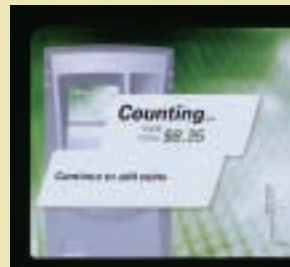

For your clients, using QuickChange is intuitive—as easy as 1,2,3,4.

1. Press language choice

2. Pour coins into tray

3. Watch coins tally

4. Take receipt to teller to deposit or get cash
